### **Circle of Songs** **Another Circle of Songs** **One More Circle of Songs**

These singalong/playalong children's music sets were developed to promote adult/child interactive singing. Children also enjoy singing and playing along with these songs and activities individually or in small groups. The songs and activities are appropriate and great fun for children, ages two to seven years, and for adults who would like to sing with them. Each set consists of a songbook with photo-illustrated instructions and a recording in either cassette or CD format, comprising two twenty-five to thirty minute singing sessions. The songs and activities are presented slowly and simply on the recording to help participants learn the songs and to invite participation. Each recording/songbook set is \$21.95 plus \$3.00 shipping. Orders of 3 or more sets, shipping is FREE.
